5 ₆	No changes in the occupation of the Hindenburg Kaserne were observed. Most of the troops observed wore black-bordered red epaulets without branch-of-service insignia but some of them wore red-bordered black epaulets and black-bordered black epaulets. The coming and going of numerous officers indicated that a komendantura was located there. Truck carrying 20 soldiers with black-bordered red epaulets, was	25X1
6.	On 22 March, 400 to 500 officers and EM of all branches of service, including the air force, were patients at the hospital on Danzigerstrasse. Motor vehicles observed at the hospital included ambulances and passenger car occupied by an officer with	25X1 25X1
7 0	In mid-March, the Hindenburg Kaserne, which is also called Nachrichten Kaserne, housed the Soviet Central Komendatura. One day, 160 ZIS trucks were parked in front of the northermost barracks building! Their numbers could not be determined. Truck occupied by one officer and 18 FM, who were red-bordered black epaulets, was identified at the	25X1 25X1
80	From 100 to 150 troops wearing red-bordered black epaulets were observed receiving basic training in the Flak Kaserne, Schoenau, for three consecutive days in mid-March.	25X1
